COLORADO SPRINGS GAZETTE.

NUMBER 1771. COLORADO SPRINGS, COLO., WEDNESDAY, APRIL 17, 1889. PRICE FIVE CENTS.

PENSION DECISIONS.

Assistant Secretary Bussy Renders Some Important Opinions.

Three Notable Pension Claims which were Decided Yesterday.

When a Soldier is Considered to be in the Line of Duty.

The Remarkable Claim Made by a Midshipman Not Granted.

Important Pension Decisions

WASHINGTON, April 16.—Assistant Secretary Bussy to-day rendered three important decisions in which is involved the important question of when may and when may not a soldier be considered in the line of duty.

The first case is that of W. H. Brokenshaw, late of Company A, Twenty-ninth Michigan volunteers, who applied for an invalid pension. The basis of his claim was an injury to his left side incurred in the service while at Jackson, Mich., March 1865, said injury having been "caused by three soldiers jumping on the claimant while he was climbing into his bunk, crushing the ribs of the left side just below the heart." The claim was rejected by Commissioner Black upon the ground that the "claimant was not injured in the line of duty." Assistant Secretary Bussy, in his decision to-day, overruled the former decision and directs that Brokenshaw's name be placed upon the pension rolls, rating his disability in accordance with the law.

Another case is that of C. H. Sedgwick late midshipman of the United States ship Santee and the United States ship Constitution. The claimant in this case was injured by a kick from a comrade on board ship. He was at the time, to use his own language, "twisting and teasing" his comrade, who becoming incensed, thereat administered to him a kick from which his disability resulted. The assistant secretary in this case sustained the former decision rejecting the application, and adds: "Here it is apparent that the claimant not only contributed directly to produce the cause of his injury but that he was engaged at the time in a manner that was manifestly in violation of the rules and regulations of the service."

The third case is that of Elizabeth Hull, widow of Wm Hull, a soldier who died in the military prison at Nashville of inflammation of the bowels contracted in the prison. The soldier, it appears from the evidence, was arrested and confined in the prison for being absent from his company and regiment without permission. In this case Bussy says: "To entitle the widow to a pension the alleged injury or disease which caused the husband's death must have been contracted as a result of compliance by him with the requirements of duty, such connection between the fatal disease and service did not exist in this case." The former decision is adhered to.

Negro Victim.

NEW YORK, April 16.—Chas. Preston, son of the Haytien minister, who represents Legitime's government in New York, has just returned from the seat of war in Hayti. He brought Port au Prince news up to April 4. General St Fleur Hull, of Legitime's army has captured Lartibonite and is threatening Gonaives and St Marie. Seven hundred refugees have come to him for protection. The capture of Hippolyte's stronghold Dessalines, is thus officially described: At six o'clock in the morning General Dardignac attacked the formidable ramparts near Pierre a Roche, two miles from Dessalines. After a terrible fight lasting four hours he dislodged the enemy. Legitime's forces left twenty wounded and five dead, amongst whom was General Bayard. At 12 o'clock the division of General Cardignac was at the doors of Dessalines awaiting the division of General Nitrel. That division after a terrible conflict arrived at 1 o'clock and at 4 o'clock the enemy left the stronghold and the division entered the impregnable fortress of Dessalines. These two days cost the rebels 44 deaths, 132 wounded, and 103 prisoners. This battle is regarded as decisive in favor of Legitime.

Strike Action.

ST. PAUL, Minn., April 16.—The street car strike in St. Paul has reached the legislature and was acted upon by that body this afternoon, the city railway company being knocked out in the first round. This is the fourth day of the strike and no effort has been made to start the cars or other to accommodate the public. The legislature for this reason probably acted more promptly than it would otherwise have done. The matter came up in the shape of a bill by Willrich which repeals the previous act validating an old ordinance giving to the St. Paul City Railway company exclusive privileges on the streets of this city and the bill passed by a vote of 96 to 16. The effect of this legislation which will probably pass the senate, is to throw open the matter of exclusive right to the streets and to leave the decision to the master of the court.

Darling Robbery.

MINNEAPOLIS, April 16.—A bold and nearly successful attempt was made at noon to rob the State bank. Two men went into the bank when only two employes were present. One of them covered the employes with his revolvers while the other vaulted over the railing and thrust $8,000 which was on the teller's table into his valise. At this moment a depositor entered and the robber threw the valise to his accomplice who dashed out. They were pursued and captured. They gave their names as J. Henry and Fred Douglas.

Double Tragedy.

BUFFALO, April 16.—A double tragedy occurred here this morning. Thomas Doulaquez, a Spaniard, attacked his wife with a razor and a fearful struggle ensued. The woman was slashed about the hands, arms, head and face, and when the brute overpowered her he almost severed her head from her body, and then threw her out upon the pavement. The murderer then cut his own throat from ear to ear and fell dead. He left a letter accusing his wife of infidelity.

Suit Against a Public Man.

WASHINGTON, April 16.—Commissioner Stockslager to-day recommended to the secretary that a civil and criminal suit be instituted against John M. Batchelor for maintaining an unlawful enclosure in township 23 and 24 south, ranges 60 and 61 west, Pueblo county, Colorado. This enclosure contains 17,200 acres of which 640 acres are state land, 300 acres entered lands and the remainder 16,260 acres vacant public lands.

Immigration Bill.

WASHINGTON, April 16.—Senator Stanford reported by the committee on Pacific railroads the bill for the protection of the railway and telegraph lines against the encroachments of immigrants.

Royal Assent.

OTTAWA, Canada, April 16.—The royal assent to the act incorporating the Nicaragua Canal and Maritime Railway company and acts respecting the Canada Southern railway company and the Toronto and Nipissing railway company was received to-day.

Nottingham Stakes.

LONDON, April 16.—The race for the Nottingham spring handicap stakes of 50 sovereigns was run at the Nottingham spring meeting to-day and was won by L. O. North's two year old. The Ripon.

Suit by the Western Union.

PITTSBURGH, April 16.—The United States circuit court has decided in favor of the Western Union Telegraph company in a suit brought against it for damages growing out of an error in an undelivered message.

Postmasters.

WASHINGTON, April 16.—The president to-day appointed a number of postmasters, among which were the following: Jacob A. Sexton, Chicago, Harry E. Hanerman, Missoula, Mont., and John Mitchell, Oceanside, Calif.

Trowbridge's Funeral.

NEW YORK, April 16.—The funeral services over the remains of Chas A. Trowbridge the well known mining expert were held this afternoon at his residence at No. 252 Fifth avenue. The interment will be at Detroit, Mich.

Denver's Postmaster Resigns.

DENVER, April 16.—R. W. Speer, postmaster of this city has forwarded his resignation to Postmaster General Wanamaker to take effect June 30th. Upon the qualification of his successor, Mr. Speer will open an extensive real estate office in Denver.

Union Pacific Earnings.

BOSTON, April 16.—The statement of the Union Pacific and branches for February has been issued. In comparison with the same month last year the net earnings show a decrease of $295,000. For January and February the decrease is $131,000.

Appointments.

WASHINGTON, April 16.—The president made the following appointments to-day:

William P. Hepburn, of Iowa, solicitor of the treasury.

Wm H. Whiteman, of New Mexico, associate justice of the supreme court of New Mexico.

Weather Forecast.

WASHINGTON, D.C., April 16, 10 p. m.

Indications for twenty-four hours commencing Wednesday, April 17, at 7 a. m. For Colorado: Light rain, stationary temperature; variable winds.

Excursion to Utah.

DENVER, April 16.—A special train of ten Pullman sleepers, three chair cars, two day coaches and a baggage car will leave here to-morrow morning at eight o'clock, on an excursion to Ogden. A number of people will join the excursion at Colorado Springs, Pueblo and Leadville.

Brush Company Dissolved.

BOSTON, April 16.—An order was granted by the supreme court to-day dissolving the Brush Electric company and appointing ex Mayor O'Brien receiver. The company has entirely ceased to do business. It has assets of $50,000.

The Nation Chartered.

NEW YORK, April 16.—Lieutenant Wilson, of the Vandalia, has telegraphed to the navy department from Sydney that he has chartered the steamer Rockton for the purpose of transporting the shipwrecked sailors to United States. The Rockton is due in San Francisco on the 16th of May.

Amount of Mail.

WASHINGTON, April 16.—Commissioner of the pension bureau received during the first week in the present month 6,871 letters and other pieces of mail matter pertaining to the business of his office and last week received 6,900 pieces. The commissioner desires this fact made public as a general explanation of the delays in answering correspondence.

Will be Met.

WASHINGTON, April 16.—Secretary Windom to-day authorized the commissioner of emigration at Philadelphia to expend thirty dollars out of the emigrant fund in returning to their homes in Ireland two families who recently arrived in this country and who are in destitute circumstances. In one case the wife was deserted by her husband and in the other the mother was deserted by her son.

Too Much Trouble.

DENVER, April 16.—Lizzie Leichsenring a handsome young lady of sixteen, and daughter of a prominent west side German, attempted suicide yesterday evening by taking "Rough on Rats." The prompt action of the physicians saved her life. Trouble with her step mother and the refusal of her father to permit her to marry Thomas O'Brien, with whom she is in love, is alleged to be the cause.

Bank Robber Captured.

CHEYENNE, Wyo., April 16.—Two of the sheriff's posse returned to night from the chase after the robber who held up Walker Smith at the bank of Grover, Colo., yesterday morning and successfully got away with one thousand dollars in cash. The men stated that the officers were unable to capture their man. All traces of him were lost at Pine Bluffs where he dismounted and evidently took a freight train east and after riding a short way left the train and started north.

Minneapolis Strike.

MINNEAPOLIS, Minn., April 16.—Six days have passed since the street cars quit running in Minneapolis, despite President Lowrey's assurances to the contrary. No attempt has been made to-day to take out the cars. So far as the public can see, the car company has not made any effort to furnish transportation to the public beyond the attempt of last Friday. The company claims to be anxious to move its cars when the mayor promises police protection. He will not promise this until the extra officers sworn in are better organized. The opinion prevails that the company will not succeed in hiring anywhere enough men, hence the shop employes are informed this morning that they would be required to take out the cars. They quit work shortly after 10 o'clock. All efforts to settle the trouble by arbitration seem to have been abandoned.

KANSAS CITY, April 16.—Fifty men from western Kansas have started for Minneapolis to take the places of the street car strikers there. They went in response to an offer of $3 a day for "determined" men.

THE OVERHEAD WIRES.

Telegraph Poles Being Cut Down in New York City.

Mayor Grant Says that All Overhead Wires Must Go.

City Authorities Doing What the Companies Refused to Do.

Great Crowds Gathered on Streets to Witness the Novel Sight.

Cutting Down the Poles.

NEW YORK, April 16.—The mayor sent to the commissioner of public works to-day a letter notifying him of the poles and wires that were to come down. They were as follows: On Sixth avenue, from Twenty-third street to Fifty-eighth street except the Western Union wires on the Elevated railroad structure, on Broadway, from Fourteenth street to Forty-fifth street, except the fire department line, on Twenty-third street from Sixth avenue to Broadway, on Twenty-fifth street from sixth avenue to Broadway, and on Forty-second street from Sixth avenue to Madison avenue. About 10 o'clock Mayor Grant's secretary received a certified copy of Judge Wallace's order dissolving the injunction procured by the Western Union company against the mayor and the board of electrical control. The order was sent to the department of public works, and before 11 o'clock the poles at Fourteenth street and Union square were being cut down.

Hundreds of people gathered to witness the novel sight. Two gangs one on each side of the street attacked the poles along the streets mentioned in the mayor's order. The fall of every pole was hailed with cheers by the crowds.

The work of cutting down the poles was continued until night fall and will be resumed again early to-morrow morning. The only poles left standing by the workmen were those which held the fire department wires. These will all be removed by that department this week. The electric light, telegraph and telephone people are helpless and say that they can only grin and bear it.

ANSONIA CITY, Kan., April 16.—Two hundred and forty-eight prairie schooners went into camp here to-day and fifty 500 more are expected by the railroads making an estimated crowd of 10,000 temporary settlers here now. State officials are being organized in the camps, the Illinois colony now having 1206 members and the Ohio and Michigan following in the order named with about 800 and 500 members respectively.

PENSION BILL was received to-day by United States Commissioner Bonnell from the department for all persons going by wagon to break camp on the morning of the 18th and to take up their line of march through the Cherokee strip to the north line of the land to be opened to settlement. All is quiet along the whole line and the commander of the troops here to-day said that he apprehended no trouble or strife among the people.

KANSAS CITY, April 16.—A Times special from Caldwell, Kan., says that one of the boomers who arrived from Colorado to-day reported that from the south line of Colorado to this point there is an almost continuous line of wagons. Adventurers who have been contemplating supplying the wants of the thirsty received a severe set back to-day on the receipt by Captain Woodson of the following telegram from Colonel Wade, commander at Fort Reno: "You will take all proper measures to prevent the introduction of liquor into the territory when the movement of the settlers begins."

On the Move.

ST. LOUIS, April 16.—The latest news from the border is to the effect that the troops are being withdrawn from the neighborhood of Caldwell and other points on the Kansas line, and the boomers are rapidly getting ready to cross the Cherokee outlet to the northern boundary of Oklahoma. If people then they will move along the old cattle trails and will reach the border the latter part of this week and be ready to rush across the line on the 22d.

The advance guard of the old soldier's colony, principally those from Ohio, Maryland and West Virginia, has reached Wichita and will start for the territory on Wednesday. They will bridge the Cimarron river, which cannot now be forded. The high water in the Cherokee strip and Oklahoma will cause much delay and trouble to boomers. Many of those who have been in hiding in the valleys of the Cimarron and North Canadian rivers have been washed out and their tents and stocks swept away.

WICHITA, Kas., April 16.—The old soldiers colony left here this morning for Oklahoma. Over 500 covered wagons were in line and over 2,000 boomers. They will endeavor to locate together in the country around Lisbon.

KANSAS CITY, April 16.—A Journal's Caldwell, Kas., special says: Captain Woodson stated to-day that he would take up his march to the north boundary of Oklahoma on Friday the 19th inst. He will lead with his troops and following him will come the boomers in their wagons. Captain Woodson expects that the journey will occupy three days and he will hold the boomers upon the border until troops of the 2d Cavalry under Major Hahn of the Fifth cavalry will assist in crossing the Cimarron. The town is full of boomers and white covered wagons are to be seen everywhere. Their destination is Lisbon, where the western land office is located.

Disposition of the Old Colony.

PHILADELPHIA, April 16.—Captain Smith of the British steamer La Flandre which arrived this afternoon from Antwerp was commander of the ill fated Danmark. He sold her change of ownership and was much concerned when he learned of the disaster which is said to have overtaken the vessel. Captain Smith when questioned said that the Danmark was a remarkably strong vessel. She was built with water tight compartments, had water tanks in the bridge aft and was extra backed with iron about the upper works, in fact he added she was one of the strongest built iron vessels I was ever in. I commanded her when she was sold just previous to her last trip and was chief officer prior to that and would not wish to sail a better ship.

Captain Smith said further that he had passed very close to where she was sighted. "If the boats were picked up," he continued, "by a sailing vessel, her proper course would be to stand for the Irish channel. Of course, no sailing vessel would continue her voyage with such a crowd on board until the port she was bound for was reached. It would take you a week, to make the Atlantic coast of Ireland, from which point Queenstown and Liverpool would be nearly, if not, two days sail. Perhaps by the Fastnet light which is about 1000 miles and which we have had sailing we ought to make it in about eight days."

Fire Alarm.

NEW YORK, April 17, 2 a. m.—The second alarm was sent out at 1:45 this morning which was quickly followed by a second and third. All that is known is that it is a fire in a factory at the corner of 134th street and 10th avenue.

Stock Market.

NEW YORK, April 16.—The stock market to-day was exceedingly dull and the fluctuations in the general list were made within narrow limits. Prices were generally lower the decline from last evening's prices extending to 1 per cent. The market closed dull and steady at insignificant and irregular changes for the day.

A Sad Tragedy.

BIRMINGHAM, Ala., April 16.—A special to the Age Herald from Warner reports a sad tragedy at Reed's Gap, near that place. Four young men called to see Miss Livingston. Her brother objected to one of the visitors and went off and got a pistol. When he entered the room he fired at a person whom he supposed was the objectionable young man, but who turned out to be his sister. The ball struck her in the cheek and lodged at the base of the brain. The attending physicians say she will die. Young Livingston is said to been drunk, and is still at large.

This Method Tried.

LONDON, April 16.—Frank Clarke, the only occupant of Sir Clarke's banking office, was astonished this afternoon when one of two men who entered the office presented a pistol at his head and demanded what funds were on hand. He recovered his self possession however, seized the stranger's pistol and turned the muzzle away from himself. A struggle ensued in which all three fell to the floor, when the robbers so alarmed the robbers that they fled from the house and disappeared down the street.

Embezzler Arrested.

PITTSBURG, April 16.—New Philadelphia, Ohio, special: New Philadelphia's defaulting treasurer was arrested last night and soon afterwards his son in law furnished bail in the sum of one thousand dollars. The shortage is anything worse. Lodge refuses to offer any explanation as to what became of the missing money or what he used it for. Lodge also ran a private bank and the depositors are now showing up for various small sums held in trust.

Two New Roads.

DENVER, April 16.—The Rio Grande road put on two new passenger trains on Sunday. A new Salt Lake express leaves here at 9.15 in the evening making two through daily trains to Salt Lake. A new broad guage train of Pullman sleepers leaves here at 11.15 p. m. for Colorado Springs, Pueblo and Trinidad. Passengers for Alamosa, Durango and Santa Fe change cars at Carlisle junction.

An Alleged Forger.

KANSAS CITY, Mo., April 16.—It is reported here from Phillipsburg, Kan., that John W. Lowe, agent for the Equitable Mortgage company of this city and for other companies, has absconded, being a defaulter to the extent of $25,000. The manager of the Equitable here says that if his company loses anything it will probably be less than $20,000.

Student Arrested.

LONDON, April 16.—An English man named Harrison, a student of Balliol college, Oxford, has been arrested at Gweedore, Ireland, for supplying food to boycotted tenants. He was handcuffed immediately upon being taken into custody.

TELEGRAPHIC BREVITIES.

Parnell has instituted a suit against the London Times for libel claiming £100,000 damage.

No news has been received of the passengers and crew of the steamship Danmark.

Louis Gibach, the well known writer, is dead.

The ball game to-day between Aspen and Colorado Springs promises to be unusually interesting, it being the first of the league games played at Colorado Springs. The home team has secured a third baseman and centre fielder, who are hard hitters and good ball players. The Springs team can now show a batting list which cannot be surpassed by any team in the league. Base ball enthusiasts are looking forward to the games this week with considerable interest and there is no doubt, the games will be largely attended. The following is a list of players and their positions:

C. Lynch	Catcher	Taylor
Lytle	First base	Clark
Wilson	Second base	Brady
Olmsted	Third base	Shea
F. Lynch	Left field	Ward
Valelly	Centre field	Highland
Crowell	Right field	Orr
T. Lynch	Pitcher	Mann
Smith		

Notice.

All members of the Colorado Springs Volunteer Fire department are requested to meet at the city hall at 1 o'clock today, in full uniform, to attend the funeral of Mayor elect Geo. W. Thomas.

By order of M. J. WILSON, First Assistant Chief.

The members of the city council are requested to meet at 1 o'clock to day at the city hall for the purpose of attending the funeral of the late Hon. Geo. W. Thomas.

C. E. STUBBS,
IRA STRADER,
C. L. GILLINGHAM,
Committee.

All members of the Hook & Ladder company are requested to meet in the company room, this afternoon at 1 o'clock sharp, in full uniform, to attend the funeral of G. W. Thomas.

REAL ESTATE!

THE WAY THEY

Don't Go Three Miles Out in the Country for Lots, when you can get them for the Same Money in

PARRISH'S ADDITION!

Only 3 Blocks from Cascade Avenue!
Only 3 Blocks from The Antlers Hotel!
Only 4½ Blocks from Post Office!

THE STREETS IN PARRISH'S ADDITION

Are 100 to 140 feet in width, THE ALLEYS are all 20 feet wide. There are no 60 or 80 feet streets, and narrow 10-feet alleys, such as are found in other loudly-advertised "Additions," with high sounding titles, where you pay high prices for lots, without duly considering that you are throwing away your money.

In the Alley Behind Every Lot in Parrish's Addition

There is a 3-inch Water Pipe, connected at Chestnut street with a 16-inch main; the Largest in the City's System. THE MAIN CITY DITCH, taking pure, clear water from the Fountain, runs just back of PARRISH'S ADDITION, and within a stone's throw of it.

YOU ARE SURE TO GET WATER

(Both from Pipes and Ditch) in PARRISH'S ADDITION if there is any water in the Fountain, even if other parts of the city are suffering from a scarcity of the precious fluid.

REMEMBER THE FOREGOING, and then, when I tell you I will sell you a First-Class

LOT IN PARRISH'S ADDITION FOR $350

To $1,000 a full size lot 50 by 190 feet do not hesitate a moment about buying. You can buy two lots on a corner, and erect pretty little cottages across them, giving each cottage a neat, pretty little yard, and yet fully not them, owing to the location, etc.

To Pay You 25 to 35 Per Cent Per Annum on the Entire Investment.

WHERE CAN YOU DO THIS ELSEWHERE?

THE STREET CAR LINE RUNS THROUGH PARRISH'S ADDITION, East to West, and will doubtless soon be extended to the North, past the "Model" Road up to THE ROCK ISLAND SHOPS. *Lots are sold on Terms to Suit Buyers, if possible.*

I AM ALSO SELLING

LOTS IN CALVERT HEIGHTS!

On Easy Terms, and at from $300 to $100. They have very much the same relation to

COLORADO CITY,

As do Parrish Addition Lots to Colorado Springs, and

I CAN RECOMMEND THEM AS AN INVESTMENT!

SURE TO PAY A BIG PROFIT DURING THE COMING YEAR.

CALVERT HEIGHTS

Is surrounded by growing and progressive enterprises. THE MIDLAND SHOPS lie at its Northeast corner. Colorado City proper is North and Northeast of it. Bott's Additions join it on the North and Northwest. Colorado Springs itself is in full view, only two miles to the Southeast, and last though not least important,

The Great Glass Manufacturing Works

Are to be erected (at once) just south of CALVERT HEIGHTS. I have arranged to have every lot supplied with PURE WATER IN PIPES.

THE LOCATION IS SUPERB!

THE SURROUNDING VIEWS ARE MAGNIFICENT!

Last year I recommended you to buy lots in Parrish's Addition, and they have paid a better Profit than any other lots on the market. This year I urge you to add to YOUR INVESTMENT AS MANY LOTS IN CALVERT HEIGHTS as you can afford to buy, with the result that before the year is out, you will again be glad that you have taken my advice.

CALVERT HEIGHTS!

There are not very many lots altogether, and those who apply late, may find them all gone, and will have to Pay an Advance.

M. L. DeCOURCEY, Agent,
No. 3 N. Tejon St., Colo. Springs.

R. W. [illegible],
Manager of the Gazette.

Even the New York Sun on its editorial page makes the mistake of thinking that Kansas City is in Kansas. The whole point of its editorial turns on the idea that the Kansas City Journal is published in a prohibition state.

It is said now that the empress of Austria is insane. A family like that of the Hapsburgs cannot now without reaping the misfortunes that have afflicted this house have been great, but the last two or three generations of this great house have tried to deserve them.

One of the most moving stories we have seen is that of the capture of the Apaches after a hunt of several days and a fight of about two hours. No one on either side was wounded. The relation of the account of the capture by the sheriff must have been immediately preceded by what Dave Day calls a "Biddeford fever chill."

The Denver Republican criticizes Speaker Eddy for drawing pay after the legislature adjourned. It would be much fairer in the Republican if it would show that Speaker Eddy is not rendering any service warranting his pay. As a matter of fact, Mr. Eddy is obliged to stay in Denver to attend to his duties as speaker. If the state has his time, there is no reason why it should not pay for it, and it is not very liberal pay either.

The election of Hon. E. R. Cooper to the presidency of the Denver board of aldermen was a well merited tribute to one of that city's foremost young business men. Mr. Cooper is a member of the well known firm of Cooper Hagus & Co. He will bring to the important office to which he has been elected honesty and ability, two qualities which have not always been considered requisite in his predecessors.

Marshal Dana was not re-elected on Monday night. His defeat is probably due to the personal enemies that he had in the discharge of his duties. Marshal Dana was in the habit of doing his duty regardless of the power and influence of any man who was violating the ordinances. Had he been a less efficient officer, he would have been a more popular one. He goes out of his office with the good will and respect of the city at large. Mr. Shafer, who was elected in his place, has long been a resident here and is a responsible, faithful man. Aside from any disinclination he may not want any advantage from his [illegible]. Manager of the Gazette.

The London Standard, tory, compares the speech of Sir Charles Russell before the Parnell commission to the great speech of Edmund Burke at the trial of Warren Hastings. This great speech of Burke occupied nine days in the delivery and fills about [illegible] in the edition of his complete works. The praise is rather extraordinary from the tory source. To show the wonderful ability of Sir Charles Russell it is stated that after delivering this speech, occupying six days and involving the most exacting mental effort, he went to Birmingham a distance of a hundred miles and delivered a political speech. The trial of Warren Hastings lasted over five years so that there was time for Burke to prepare his speeches with great care and give to them the literary finish for which they are famous. But Russell had no such leisure. While the telegraphic reports do not enable one to form an opinion, we may accept the verdict of the Standard, which says that there is a literary finish about the speech far equal to that which characterized the speech of Burke.

If the dispatch regarding the punishment of Miller for alleged false testimony before the Parnell commission was correctly worded, it was a very extraordinary proceeding. Miller was one of the witnesses hired to testify against Parnell by the Times people. The dispatch says that he was sentenced to imprisonment as a criminal because his testimony disagreed with that given the Times counsel. Apparently there was no effort to ascertain whether he perjured himself before the commission as though that was a matter of indifference. If he had testified truthfully and he only before the Parnell commission, it is difficult to see what right this commission had to punish him because this testimony differed from what he gave the Times' counsel. Nearly all the Times' witnesses were paid for their testimony apart from what was paid to them as witnesses by the commission. Considering the revolutionary state that Ireland has been in, there was every chance of the Times' people being imposed upon by all the scalawags in the country. Volunteer testimony that is paid for outside of ordinary witness fees is never worth much at any place. If the Times people were deceived, that is their misfortune, and was to have been expected. The miserable men who lied to the Times' counsel were not much worse than the Times people themselves, because they were so spiteful in their prosecution of Parnell that they were ready to take the word of any and circulate it, of such irreconcilable adventurer that has been known in Irish politics for the last twenty five years.

Governor Robinson, of Massachusetts, has declined the appointment on the Indian commission.

There will be a meeting of ladies in the chapel of the college next Saturday at half past two to consider the formation of a Woman's Educational society.

It is earnestly hoped that there will be a large representation of the ladies of the city, and that each will consider herself cordially invited.

This society, if formed, will have under its special care, the young women in attendance upon Colorado college, and the experience of similar societies in connection with other colleges shows there is a wide field of usefulness open before such an organization in Colorado Springs.

The desire of those calling this meeting is to have this movement a general one and to plan an organization which shall find room to express in every woman's heart.

There is a rapidly increasing number of earnest young women in this and adjoining states who will be attracted to come here, if it is known that the women of Colorado Springs not only desire to have them in the college, but stand ready to give them the physical, intellectual and spiritual aid they need while pursuing their college work.

At the meeting on Saturday short addresses will be made by ladies who have had experience of the successful workings of other societies.

The meeting will begin at half past two and an urgent request is made that the ladies meet promptly at that hour.

Declamation Contest.

The declamation contest by the students of Colorado college at the First Methodist church last night was a very great success in every way. In spite of the threatening rain the building was completely crowded and many were turned away. The students who participated were those who had the highest average in declamation during the last term, and there were eleven of them in all—four young ladies and seven young men. President Slocum conducted the exercises, and Mr. W. S. Jackson, Mr. L. R. Ehrich and Rev. George Woodruff acted as the judges. There is no disputing that all of the members on the programme were excellent, but the judges were compelled to make a choice and to Miss Thurber was awarded the first lady's prize for the excellent rendering of "The Chariot Race," from Ben Hur. This prize consisted of a nicely bound set of Scott's novels. The judges decided that Miss Jolly's declamation, "The Storming of the Castle," also merited a prize, and they presented her with a set of George Eliot's works. This was a special prize given by the judges. To Mr. Guy M. Kerr was awarded the first gentleman's prize for his excellent rendering of Tennyson's "Oenone," a selection from one of Wendell Phillip's orations. The prize consisted of a complete set of Washington Irving's works. To Mr. H. J. Hagerman was awarded the second prize. His recitation was Byron's "Apostrophe to the Ocean," and the prize consisted of a set of Prescott's works. Mr. Ehrich made the announcement of the awards in a very happy speech in which he referred to the decadence of the art of oratory and of the necessity for voice culture. He was followed by Mr. Jackson in a few well chosen words of encouragement to those who had not been fortunate enough to secure prizes. A pleasant feature of the entertainment was the singing of Miss Charlotte M. Robinson, and a piano solo by Miss Ehrlicher.

The following notice from the New York Evening Telegram tells some pleasant facts regarding Johnson & Slavin's minstrels which appear in this city on Thursday evening next: "Genuine humor, new jokes and puns, brisk music, rattling fun and hearty appreciation marked the appearance of Johnson & Slavin's minstrels at the Star theater last night. The house was crowded. The audience fully appreciated the good things on the programme, which included an allegorical and realistic spectacular pageant illustrative the birth, advance, rise and triumph of minstrelsy. The sentimental song, "The Convict and the Bird," by Will Stephens, called forth hearty applause, as did also the comic ditty, "Hello, Riley," by Carroll Johnson. Hughey Dougherty and Jay Quigley kept the audience in roars with their debate on "Free Trade and High Tariff." "The Lost Ace, or, the Island of Pokah," was the title of the really excellent burlesque which closed the performance. It represents the entire company as a full pack of gilt edge cards. Applause greeted everything on the stage while this brilliant travesty was being presented."

TRUSTEE'S SALE.

Whereas, Guillim R. Guillim, of the county of El Paso and state of Colorado, did on the eighth day of December, A. D. 1886, by his certain deed of trust of that date, duly recorded in the office of the county clerk and recorder of El Paso County, state of Colorado, on the ninth day of December, A. D. 1886, in book 68, at page 424, convey to the undersigned, as trustee, the following described real estate, situate in the county of El Paso and state of Colorado, to wit: The southeast quarter (sec. 4), the south half of the northwest quarter (sec. 4), the west half of the north half of the northeast quarter (sec. 4), the north half of the northwest quarter (sec. 4), the southwest quarter of the northwest quarter (sec. 4), all in township 14 south, range 66 west, and the southwest quarter of the northwest quarter (sec. 4), and the south half of section number eight (8), all being in section eight (8) the west half of the northeast quarter (sec. 8), and the northeast quarter of the southwest quarter (sec. 8), and the south half of section number four (4), also the east one-half of the southeast quarter (sec. 5) of section number seven (7), and the south one-half of the north [illegible] (sec. 5), and the northwest quarter of the northeast quarter (sec. 8), of section number seventeen (17), all being in township fourteen (14) south, range sixty-six (66) west, also lots four (4) and ten (10) and the north thirty [illegible] feet of lot twelve (12), in block one (1) of [illegible] in the town of Manitou, which said conveyance was made in trust, to secure the payment of [illegible] dollars ($1,000) and interest, which said sum and interest they might be found, on three promissory notes, of [illegible] date, viz., one for the principal sum of four thousand dollars ($4,000) and interest, one for two thousand dollars ($2,000) and interest, and one for one thousand dollars ($1,000), payable to the order of Messrs. C. W. Henson & Co., all dated and signed on [illegible], four thousand dollars ($4,000) of said note in two years, two thousand dollars ($2,000) of said note in four years, and the said one thousand dollars ($1,000) in five years, at the rate of ten per cent per annum, payable semi-annually according to the tenor of the said notes, and interest at the rate of ten per cent per annum on all sums of money due and unpaid, payable semi-annually according to the tenor of the said notes, and [illegible] the payment of the said principal and interest, and the payment of the said principal and interest, and the payment of the said principal and interest, and

The Barporama of Texas

Written for the Journal of Commerce

The people of Fort Worth, Texas, rejoice daily to see rising upon the great square in their city, known as the Texas Pacific reservation, a building which will show forth to the best advantage the great resources of their great state. [illegible] years the enterprising citizens of Fort Worth have been each contributing his share to the good cause of [illegible] it was not until the present year that the plans of the enterprising citizens of Fort Worth were crystallized into the form of a palace building, [illegible] of unique and [illegible] design composed entirely of the products of the mineral, agricultural and [illegible] the state. As a matter of [illegible] plan was [illegible] Sioux City. But [illegible] promises to far outstrip [illegible] in its magnificence and [illegible] novelty of its design.

Colorado City [illegible] the fact that the [illegible] of this enterprise [illegible] Carleton and [illegible] success but for the [illegible] to that general [illegible] scarcely six weeks [illegible] Carleton proposed his plan and the Fort Worth people so enthusiastically embraced it, but the walls of this Texas palace are already rising up [illegible] small army of skilled workmen is being

gathered to superintend the decorating of the frame work or superstructure. To give an idea of the magnitude of this palace building itself, it is only necessary to state that its floor space it covers an area of over 60,000 square feet. In its construction there will not be a single article used that is not produced in Texas. The stone for its foundation will be taken from Texas quarries. The timber used in the superstructure will be called from the pine forest, the cedar brakes and oak groves of Texas.

The product of the field, the forest, the garden, the orchard, the mine, the flock, the herd, the gulf, the rivers, the swift running streams and beautiful lakes the Panhandle country, extending northward into the temperate zone, and the tropical productions from our extreme southern shores will all be called upon to furnish material with which to beautify and embellish this palatial structure. Beautiful mosaics formed with sections of polished wood will line the interior of the grand entrance, the massive dome will be covered with golden wheat, the sides and towers will be covered with products of the field and embellished with devices formed from hides, horns and skins, shells from the ocean, global leaves of the palmetto, magnolias, vines, plants and flowers, the whole arranged with artistic taste and rare skill. Side by side will be found the tropical productions of the far south, and the hardy cereals from our northern borders.

Surrounding the palace on every side has been laid out a park or garden, in which will bloom the thousands of flowers of Texas growth, in the midst of which will stand the statue of a steer of heroic size, thirty feet in height, composed entirely of products of the pastures of Texas.

This display of what Texas can produce will not be thrown together with out system, but it will be arranged into a beautiful kaleidoscope. The different counties in the state will send for display their choicest products to be arranged by skillful hands specially engaged because of their peculiar ability to perfect and attain these novel and attractive results, and as the vegetable and mineral kingdoms will furnish colors as beautiful and delicate as the rainbow, these products, when designed into beautiful kaleidoscopes will illustrate our history, our progress and special features of Texas home life, these different colors of various products being so arranged that they will blend harmoniously, and be manipulated as artistically as could be done with the painter's brush. In this gallery of art there will be a reproduction of the beautiful harbor of Galveston or Aransas Pass, with ships going and coming, made of Texas products, there will be a Texas stock farm, with the cattle, horses, buildings and farm life, deftly fashioned with Texas products. There will be an East Texas lumber mill, created out of the different native products, there may be scenes from the coal mines, and there will be found in this exhibition the most brilliant floral and horticultural pictures, made not with the artist's brush, but with the colors that nature has given the flora of this great state.

The citizens of Fort Worth to a man are showing a most commendable public spirit in the forwarding of this enterprise. The women of the city have come nobly to the front, and among the many committees of citizens appointed to attend to certain branches of the work, are several composed of ladies. Mr E. D. Allen, the chief decorator of the Sioux City corn palace, has been secured to oversee the decoration of this structure, and possibly one or two Sioux City ladies experienced in this branch of work will be summoned to his assistance. The greater part of the work however, will be done by Texas people, and the design for the building was made by Armstrong & Messer, a firm of Fort Worth architects. As will be seen from the picture, the design is composite in its nature with decidedly Moresque characteristics about its windows and arches. Its most salient features are a magnificent central dome flanked by twelve handsome towers. In the unity and harmony of its design and its artistic grouping of its masses it surpasses any building of its kind heretofore erected whether of ice or of corn. Mr Allen is especially enthusiastic over the design and declares that it goes far beyond the corn palaces in magnificence and says that he can make it the most wonderful creation ever seen on the continent.

But Fort Worth is not the only place where the people are enthusiastic over the project. Pictures and descriptions of the palace have been published in nearly every newspaper in the Lone Star state, and in most of the large cities and towns public meetings have been held to prepare exhibits and secure representation at the palace. In every portion of the state from Texarkana to El Paso and from Brownsville to No Man's Land, a lively interest in the palace has been aroused and complete exhibits from both tropical and temperate regions are assured. The management of the palace have several agents in the field securing the state for novel and interesting exhibits, and a part of their numerous duties is to preside at the different public meetings and tell the people of each town what is wanted of them. In their travels these agents have already picked up many objects of interest among which may be mentioned a Texas piano made by Texas craftsmen and made solely of Texas material, and a large shield showing in different colored seeds the coat of arms of the state of Wisconsin. This shield is afterwards to be exhibited in that state as an emigration advertisement.

The musical features of this great exposition will be especially attractive. The celebrated Elgin band of Elgin, which ranks with those of Joliet and the Seventh regiment of New York in excellence, has been secured for the entire time the palace will be open and will give several concerts daily. [illegible] Fort Worth, and [illegible] Texas railroad, and Mr Allen, the decorator, has already been mentioned. Mr E M Turner, the superintendent of grounds is a prominent citizen of Fort Worth, and is well fitted for his peculiar duties. Among the travelling agents of the association Colonel N C Blanchard and Mr M W. Carrico, of Fort Worth, are especially worthy of mention. Mr Blanchard resides at Salisbury, Texas, and is interested in the Panhandle country and in Hall county lands. To him the credit of securing the Sacagewea societies is due. These officials are well supported in their work by an executive committee and board of directors as well as by five chief committees on arrangements, composed entirely of Fort Worth citizens and their wives and daughters, so that the work of building and decorating this great palace and providing for the entertainment of the throngs of guests attracted by it is sure to be done and well done. The Palace will be open from May 29th to June 20th inclusive, and during that time excursion rates are assured from all parts of the west and north to Indian Territory. An especially cordial invitation is extended to the citizens of Denver and of Colorado to visit Fort Worth during this period and return the visit of Fort Worth citizens and Texans during our Jubilee last year.

E. De Wolf.

The joint freight tariff which goes into effect on April 22, 1889, places the rate on live stock from Colorado Springs to Chicago and St Louis as follows: Horses to Chicago, $115 per car load; to St. Louis $97 50 per car load. Cattle to Chicago, $105 per car load; to St. Louis, $87 50. Sheep to Chicago, $105 per car load, to St. Louis, $87.50.

DIED

Lewis—Mr. Charles E. Lewis, at Canon City, April 8th, in the 47th year of his age.

Mr Lewis was born at Utica, N Y., July 31, 1843. When 17 years of age he [illegible] at Armington Hall, and from that time lived an active, [illegible] Christian life. [illegible] was a practical one. He did his work at the desk through the week as he worshiped on the Sabbath, "heartily, as unto the Lord." He was always specially interested in young men, that they might come to Jesus early in life and live in His service. His life, singleness showed the power of a realistic faith in His heavenly Father and Elder Brother—power to satisfy him in the hour of suffering and death—power to comfort his wife and [illegible] in the hour of [illegible]. Mr Lewis married Miss Laura C. [illegible] of Springfield, Ohio. They [illegible] years of their beautiful life in St. Louis, where Mr Lewis' health failed. For [illegible] years they have been in the west coming from Colorado Springs to Canon City five months ago. Mr Lewis health improved so rapidly that he built himself a fine residence and several other houses to rent. He [illegible] way with us was short. His physicians, Drs [illegible] of Colorado Springs, and Craven, of Canon, and his devoted wife, and [illegible] did all that could be done by physicians and friends—all he wished. Mrs Lewis, accompanied by her father, the Rev Samuel Sprecher, D D [illegible] at San Diego, Cala, and her brother, the Rev. R. V. Sprecher, D D, pastor of the Euclid Avenue Presbyterian church of Cleveland, Ohio, took his remains to San Diego for interment. Mrs Lewis will make her home at San Diego with her father. She has the sympathy of their many friends at Colorado Springs.

Five rooms, south	1200 to 2100	Large, central	9500
Six rooms, central	3500 to 4200	Large, south	6500
Seven rooms, north	2400 to 2800		

Business houses, here and in Colorado City, from $3500 to $26,000
Vacant lots in all parts of the city
Vacant lots in all the surrounding additions to the city.
One entire block in northern part of the city near line of street cars
One half block in northern part of the city on line of street cars
Five acre tract in city limits.
Ten acre tract in city limits
Country residences

For Rent.

Three furnished rooms for housekeeping. | One seven room house.
One five room house | One large house

In addition to the above I have FOR SALE some of the best ranches in the county, containing all the way from 160 to 1000 acres, suitable for either Dairy, Stockraising or General Farming.

SPECIAL

Lots in the North End Addition, some of the finest for residences in the city.

I offer one 25 feet business frontage and one of 50 feet on North Tejon. This is very desirable property and worth all that is asked for it.

One established business in the city requiring between $2000 and $4000 to buy it.

Several fine acre tracts on Cheyenne creek that will soon be supplied with pipe water. Just the thing for platting.

Also a number of building sites on [illegible] creek, from which a splendid view of both this city and the mountains is had.

Money to Loan in Sums to Suit the Borrower.

I wish to make now: One loan of $7000; one loan of $1500; one loan of $1000; one loan of $600, one loan of $2000.

NOTICE FOR PUBLICATION.

U. S. Land Office, Pueblo, Colo., March [illegible], 1889.

Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the clerk of the District Court, El Paso County, Colorado, at Colorado City, on May 8th, 1889, viz: John A. Allen, Pre. D. S. No. 11119 for the [illegible] sec. 30, and abstract [illegible] of said land, viz: M. A. Ford, John Wolfe, Fred Brick, J. R. Lockhart, all of Colorado City, Colo.

Any person who desires to protest against the allowance of such proof, or who knows of any reason, under the law and the regulations of the Interior Department, why such proof should not be allowed, will be given an opportunity at the above mentioned time and place to cross-examine the witnesses of said claimant, and to offer evidence in rebuttal of the same.

And you [illegible] John A. Allen, who [illegible] Pre. D. S. No. 11119 and J. [illegible] Allen, who [illegible] Pre. D. S. No. 11-M, for this tract, are hereby specially notified to appear on or before the date of said proof and show cause why said John A. Allen should not be allowed to make said proof and payment for the above described land.

*T indicates less than .01 of an inch.

T. W. Dougherty, Corp'l Sig. Corps.

Do not forget the ball game to day.

Mr. Amos Anderson has returned to the city after several month's pleasantly spent in the south.

Mr. S. H. Williams who has been in this city for some time, left with his family for Scranton, Pa., on last night's Rock Island train.

The first of the State League ball games will be played at the Athletic grounds this afternoon at 3:30 o'clock. Tickets on sale at Duncan Bell's drug store.

Mr. S. E. Cookson has the contract for the addition and spire to be built to the First M. E. church. It will cost $2,000, and $400 will be spent in furnishing it.

Mr. A. R. Ballou announces in a circular that he has started a rubber stamp factory and has all the necessary machinery for turning out stamps in first class style.

Badito Lodge No. 16, Select Knights A. O. U. W., will hold a regular meeting this evening at 7:30 o'clock. All comrades and visiting brothers in good standing are invited to attend. Degree work.

Mr. J. J. Rider, of Connellsville, Indiana, has located in this city and will engage in the manufacture of cigars. His manufactory will be located in the upper part of the old Republic building on Huerfano street.

All members of the Grand Army of the Republic are requested to assemble at the Grand Army hall on Huerfano street this afternoon at one o'clock, to attend the funeral of our late comrade, George W. Thomas. Otis Rundle, Post Commander.

The Amateur Athletic club occupied its new quarters in Weber hall last night. It was the night of the regular monthly sailing and after the transaction of necessary business there was an exhibition of sparring by a number of the members. The hall has been fitted up with a very complete apparatus for a gymnasium, including horizontal bar, parallel bars, rowing machine, boxing gloves, foils, etc. The club has a membership of one hundred and is in a flourishing condition. Regularly baths are being put in and an instructor will probably be secured shortly.

Messrs. Perry & Barber have completed the plans for the new college dormitory and the contracts have been let for the building. According to the plans the building will be quite an imposing affair. It is to be built of red sandstone, three stories in height and a basement. The dimensions are 100 feet in length by 32 feet in width, and the building will face the east. It will be situated just south of the college building proper. In the basement will be situated the dining room, 32 by 50 feet and capable of seating 150 persons, the kitchens, butlery, etc. On the other floors will be the students' rooms, 34 in number. The rooms will all be large and well lighted and ventilated and each will have a clothes press attached. The building will be heated by steam through pipes and probably lighted by electricity. Work upon the building will be begun some time next fall.
